**Re: In the Matter of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I have relied on a small, local provider for the past 10 years for my internet and phone service. They have offered superior service, at an affordable price, and have worked to expand internet access and bring fiber to our community. Please support our small business, economy, and the development of America's internet infrastructure by allowing competitive providers to continue offering viable alternatives to companies like AT&T and Comcast.
